PURPOSE OF THE CVRC is to promote the preservation, restoration and competition of Vintage, Historic and Classic Sports and Racing Automobiles. The CVRC and its members support a philosophy, which encourages authenticity and integrity in the preparation and good sportsmanship in the exhibition of eligible automobiles in racing, rallying and other event formats. There are no prizes other than the camaraderie developed between people with common interests, the pride of owning and presenting a fine automobile, and the great enjoyment of driving a well-prepared automobile at speed.
